## New to the Autumn/ Winter 2016 MUE Catalogue

Buy one of these ethical products to help equip people in need to create better lives for themselves and their families.

Each product you buy will have a direct impact on families in the UK and overseas. In return you will receive a voucher telling you more about the product, which you can keep for yourself or give as a gift—perhaps you could also buy one of our lovely cards to put it in!

For each 'Ethical Product', we have budgeted how much we need to be raised. Should we be in a position where we exceed any of these the additional income will be converted to support our work where most needed.
